

**CUSTOMER ASSISTANCE GUIDE  
BUILDING PERMIT APPLICATION SUBMITTAL REQUIREMENTS**

**EXISTING COMMERCIAL AND MULTI-FAMILY**

Section (403.42.)

An owner or authorized agent who intends to construct, enlarge, alter, repair, move, demolish, or change the occupancy or use of a commercial building, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, or plumbing system regulated by the Uniform Construction Code, shall apply to the building code official and obtain the required permits.

A permit applicant shall submit an application to the building code official, and attach construction documents, including sealed plans and specifications if changes are needed to the building to comply with the code for the new occupancy.

A licensed architect or licensed professional engineer shall prepare the construction documents under the architect's licensure law.

This may be submitted in letter form from the architect or engineer if the building complies with the code for the change of use or occupancy. Also submit a copy of the certificate of occupancy issued by the Department of Labor and Industry for the existing building if it is available.

Attached is a check list of required code information needed for review of plans.

## CONSTRUCTION DOCUMENTS REQUIRED

- Site plan showing to scale the size and location of all new construction and all existing structures on the site. Distances from lot lines, established street grades and proposed finished grades. All parking including accessible spaces with signage. Accessible paths to entrances.
